January 4, 2019

Good Morning,

Sheriff Crone has forwarded me your most recent email regarding an updated estimate regarding a previous open records request regarding information as it relates to commission reports, contracts with our inmate telephone company and our commissary and Kiosk provider.

First, I would like to let you know that Sheriff Crone is retiring on Tuesday, January 8, 2019; and I will be the new Sheriff of Morgan County. Jon Horton will be my undersheriff.

That being said, we are happy to comply with your request. However, you are requesting information that will take research and time to gather.

I can tell you just off of the top of my head, my agency has a telephone contract with Securus Technologies for our inmate telephone service and with Trinity Services for our inmate commissary and our kiosk system.

The information that you are requesting, will take time to research and copy. Per our agency records policy and county fee schedule, research fee is \$30.00 per hour with the first hour being free. I am estimating that this research will take up to three hours.

Please submit a check for certified funds or a money order payable to the Morgan County Sheriff's Office in the amount of \$90.00. Once we have received your funds, I will start the research to compile the information requested.

Research time will be subtracted from your payment. If there is monies left from your initial payment, they will be returned to you or applied to any paper copies that you would like. If the research takes more time than the original estimate, you will be billed for additional money before any of the material is released.
